2. (SBU) Embassy Colombo held an EAC meeting on Nov 5 to discuss the security situation and political upheaval caused by Sri Lankan President Kumaratunga's firing of the Ministers of Defense, Interior, and Communications, suspending Parliament until November 19, and declaring a State of Emergency. The EAC noted that the situation in Colombo remains calm with no incidents of violence or unrest reported to date. RSO advised that the SD Unit has been strategically deployed in the city to monitor security developments. Increased police and army presence has been reported in certain parts of the city, but Embassy operations have not been affected. POL advised that political ramifications of the President's actions could not yet be determined, and in fact, a complete picture may not be understood for several weeks. DAO advised that his Sri Lankan military contacts have informed him that the officer corps is committed to following the rule of law.
